

Pilkington DesignPrint  
Aesthetic. Personalised. Resistant.

## Pilkington DesignPrint

Immerse yourself in the versatile world of colour and design by exploring our new product Pilkington DesignPrint. With advanced digital printing technology, we can virtually meet any glass printing requirements, from a small-format prints to prints on big glass facades.

Visit our website at [DesignPrint.Pilkington.at](http://DesignPrint.Pilkington.at) and start right away with your individual creation. Using our design catalogue you can easily create virtual designs of facades, parapets, partitions, wall decorations, doors, bathrooms & spas or kitchens right in your home. You are also welcome to send us your desired design and we will take care of the visualization and print preparation (recommended resolution of the design:  $\geq 300$  dpi).

## Sustainable production

We pay great attention to sustainable production and careful use of resources. Therefore all colours that we use are free of hazardous pollutants such as lead, cadmium and lithium and hence RoHS compliant. Additionally, the electricity used by our production machines comes exclusively from renewable sources.

## Certified quality

Pilkington DesignPrint is produced with highest precision and state-of-the-art technology. Through novel special print heads the ceramic colour gets applied precisely onto the glass, and is burned-in during its toughening process at approximately 650 °C. The final product is toughened safety glass according to ÖNORM EN 12150 or heat strengthened glass according to ÖNORM EN 1863. If desired, the glass can be heat-soak-tested according to ÖNORM EN 14179. Upon request, we further process Pilkington DesignPrint to laminated safety glass as well as double or triple insulating glass units.

## Technical data

- **Glass thicknesses:**  
from 4 to 19 mm\*
- **Maximum glass sizes:**  
from 200 x 300 mm to 2500 x 4500 mm
- **Resolutions:**  
from 360 to 1440 dpi
- **Supported file formats:**  
PDF, CDR, AI, BMP, PSD, TIFF, JPEG, GIF, PNG
- **Translucency:**  
Colour gradients and gradations possible
- **Special colours:**  
Satinato, Anti-Slip  
Metallic, Platin and Gold colours\*\*
- **Compliance:**  
All colours are RoHS compliant
- **Resistance:**  
Colours can be used on surface 1  
\* 15 to 19 mm on request  
\*\* on request
